

two_body_tide.hpp

```
graph TD; A[two_body_tide.hpp] --> B[Common/Float.h]; A --> C[Common/binary_tree.h];
```

The diagram illustrates a header file dependency. At the top, a box labeled 'two_body_tide.hpp' has two arrows pointing downwards to two separate boxes. The left box is labeled 'Common/Float.h' and the right box is labeled 'Common/binary_tree.h'. This indicates that 'two_body_tide.hpp' includes both 'Common/Float.h' and 'Common/binary_tree.h'.

Common/Float.h

Common/binary_tree.h
