

HardDumpList::dumpAll

HardDumpList::dumpThread

HardDump::dumpOneCluster

```
graph LR; A[HardDumpList::dumpAll] --> C[HardDump::dumpOneCluster]; B[HardDumpList::dumpThread] --> C;
```

The diagram illustrates a relationship between three function calls. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'HardDumpList::dumpAll' and the bottom box contains 'HardDumpList::dumpThread'. On the right, there is a single gray rectangular box with a black border containing the text 'HardDump::dumpOneCluster'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both 'HardDumpList::dumpAll' and 'HardDumpList::dumpThread' invoke 'HardDump::dumpOneCluster'.
