```

The diagram illustrates a mapping from two source functions to a single target function. On the left, two white rectangular boxes are stacked vertically. The top box contains the text 'Ptcl::getParticleCMAddress' and the bottom box contains 'PtclHard::getTidalTensorID'. On the right, a gray rectangular box contains the text 'ArtificialParticleInformation::getStatus'. Two blue arrows originate from the right side of the top white box and the right side of the bottom white box, both pointing towards the left side of the gray box.
